STRENGTH & QUALITY

IN
YOUR
CORNER

Drawer pulls are 19mm deep for better leverage. Rolled edges for strength and safety.

Welded lock tabs on back of drawer add security & durability.

Reinforced panel engineering keeps the box strong & straight for the lifetime of the cabinet.

Casters are secured with weld nuts for superior strength and load rating.

Double-wall design for superior strength and longevity.

Patented **Lock 'n Roll** retainers keep drawers from drifting open

High-Security Tubular Locks

Drawers can be fully extended to provide easy access & maximum tool visibility

Double wall construction with full-height welded inner wall and "z" stiffeners to keep the box square and true over a lifetime of use and abuse.
